We are excited to announce our Summer Playdate Series! Everyone loves a playdate, but the kids want to have them more than parents like to host them. Let us play host this summer . . . that means no mess, no noise, no cleanup and no negotiations about who gets to come over. We have decided that summertime at Creative Tots should be more about what the kids want. The kids want to play. The kids want to see their friends. The kids have spoken and we have listened. They think that anything to do with "camp" might just be a little too much like school. Let your kids explore the way they are built to explore . . . through playing in the summertime with their friends. So, grab a friend and join us!

## Why Word Wizards?

Studies have shown that over the summer up to 70% of the previous grade's materials can be lost. Word Wizards Workshops help keep your child's reading skills sharp and to continue to grow. In order to become a better reader your child needs to want to read! We will provide individualized instruction to develop confidence in your reader. This workshop will sharpen reading strategies through sight word application, picture cuing and activities to promote reading comprehension.
